Come to where the eagles soar...

Nestled within 2,630 acres of lush forests, Starved Rock Lodge has played host to nature lovers since it opened in 1939.

Starved Rock State Park is what makes the Lodge magical! Its sparkling waterfalls and 18 majestic canyons, carved by years of glacial meltwater, slice dramatically through tree-covered sandstone bluffs. Recently named one of the 7 Wonders of Illinois, the Park offers visitors both adventure and tranquility.
